Simulated vs. real score series on held−out clips: 95% intervals
Observable channels (primary) − components
Channel IQR − Absolute median
Channel IQR − Wasserstein
Channel IQR − Signed median
Derivative IQR − Absolute median
Derivative IQR − Wasserstein
Derivative IQR − Signed median
Effective rank − Absolute median
Effective rank − Wasserstein
Effective rank − Signed median
Lag−1 ACF − Absolute median
Lag−1 ACF − Wasserstein
Lag−1 ACF − Signed median
Run−length entropy − Absolute median
Run−length entropy − Wasserstein
Run−length entropy − Signed median
Spectral entropy − Absolute median
Spectral entropy − Wasserstein
Spectral entropy − Signed median
